Objective

Dedicated and detail-oriented Computer Science graduate with practical experience in full-stack development. Skilled in building user-friendly front-end interfaces using React.js and developing robust back-end solutions with Java and Spring Boot. Seeking an entry-level Full Stack Developer role to apply and grow my skills while contributing to innovative web applications.

Technical Skills

Front-end

- **Languages:** HTML, CSS, JavaScript
- **Frameworks & Libraries:** React.js
- **Styling Tools:** Tailwind CSS, Bootstrap

Back-end

- **Languages:** Java
- **Frameworks:** Spring Boot

Tools & Technologies

- GitHub
- Visual Studio Code
- Eclipse

Educational Qualification

Bachelor of Science in Computer Science

2021-2024

St. Joseph's College, Thiruchirapalli, Tamilnadu.

CGPA - (6.51 /10)

Projects

E-commerce WebSite

"A dynamic e-commerce product page with real-time search functionality and user authentication."

- Built a product catalog interface using **React.js** and connected it to a **JSON server** for backend data management.
- Implemented **search and filtering features** using JavaScript for seamless product navigation.
- Styled components with **custom CSS** for a user-friendly, responsive layout.
- Created a **login page with authentication** to manage user access, allowing secure login and session maintenance.
- Integrated **API connections** to fetch product data and implemented CRUD operations (Create, Read, Update, Delete) on products using JSON server.

Portfolio Website

"A responsive personal portfolio website to showcase projects and skills."

- Built a responsive personal portfolio website using **React.js**, **HTML**, and **Tailwind CSS** for modern and clean design.
- Implemented clean and dynamic UI with reusable React components to ensure consistency and scalability.

Professional Training

Full-Stack Web Development
Credo Systemz

2024

- Gained hands-on experience in full-stack development, focusing on **React.js** for front-end and **Spring Boot** for backend.

Language
